If you don’t see what you’re looking for on our menu, don’t hesitate to ask. *We will gladly customize any order to fit your specific needs!*

Delivering and warming of food are optional – but are NOT included in food purchase.

Please be specific with us on your needs and when placing your order. Most orders will be prepared and picked up at our store with warming instructions. If delivery/setup is preferred, we do this “buffet style” and have guests serve themselves. (*If serving by our staff is desired, please let us know in advance and we can quote a price and check our schedule availability.*)

All catered items will come in disposable aluminum pans and will come with serving spoons/tongs. These are complimentary and we do not need them returned!
Please use for other events and parties! ☺

General serving size “rule of thumb” on cooked meats/sides that are ready to serve are approximately 3-4 servings per pound. We can help you calculate how much you need of each – please don’t hesitate to ask for our assistance!
